

ENROLLMENT/DEGREE VERIFICATIONS

Students may request enrollment verifications by completing an Enrollment Data Request (https://www.walsh.edu/_files/Enrollment-Data-Request_DEC_21.pdf) form or through the National Student Clearinghouse (<https://www.walsh.edu/registrar/enrollment-verification.html>). The National Student Clearinghouse is the quickest method for an enrollment verification. Students and third parties may also request a degree verification (<https://nscverifications.org/welcome-to-verification-services/>) through the National Student Clearinghouse.

If using the PDF form above, the form must be submitted to the Office of the Registrar and will be processed within 3 business days. Enrollment verifications are typically utilized to verify enrollment for insurance purposes.
