

# TRANSFER OF CREDIT

---

Transfer of college credit toward a degree for courses taken at a college or university other than Walsh must be approved by the Registrar or appropriate division chair. Walsh University accepts transfer credits from regionally accredited institutions with a grade of "C-" or better.

This transfer of credit minimum grade is applicable to regionally accredited four-year colleges and universities, and two-year community or technical colleges. Students enrolled in specific academic programs requiring a grade of "C" or higher must have achieved the minimum grades to receive equivalent course credit; otherwise the course will be transferred into the institution as a transfer elective. The DeVille School of business uses the grade earned and documented on the credit awarding institution's transcript for equivalent business core, and major coursework when calculating a student's GPA for advancement and graduation requirements.

Walsh University accepts transfer credits from regionally accredited institutions with a grade of "C-" or better. Students who are Pre-nursing, science, Psychology Pre-OT, Exercise Science Pre-PT and Exercise Science Pre-OT majors and wish to transfer science courses from 2-year community colleges or technical colleges, must earn a "B" or better grade. The grades earned are not included in the student's cumulative grade point index. Only credit hours are accepted and recorded on the academic record for each transferred course as "TR".

Courses taken in the academic major or required for fulfillment of the Core cannot be repeated for credit at another institution. In addition, courses with designations of Diversity (DV), Service Learning (SL), Catholic Intellectual Tradition (CIT) or Themes (TH1, TH2, TH3) WILL NOT transfer into Walsh.

A student who has earned credits in a technical program (industrial, commercial, culinary, agricultural, mechanical, musical or the arts) at a regionally accredited two- or four-year college or university may transfer in as many as 15 hours of technical credits as elective credits. These technical credits will not fulfill core or major requirements.

All students will be held to completing the last 27 semester hours prior to graduation at Walsh University, with a minimum of 15 hours in the major field.
