Vision

The School of Arts, Sciences and Education provides graduates with the knowledge, expertise, professional skills, and ethical foundations necessary to face the challenges of a changing world. Grounded in service, social responsibility, faith, and reason, we embrace innovative and transformative teaching methods that support interdisciplinary and global perspectives in student learning, while helping students to develop intellectually and spiritually. The School of Arts, Sciences, and Education is committed to student engagement through mentoring and collaborative undergraduate and graduate research.

The Associate of Arts Degree (A.A.) and the Associate of Science Degree (A.S.)

Candidates for an associate's degree concentrate on a major field, dispensing with the general studies required in the more extensive bachelor's degree programs. The A.A. degree candidate is expected to earn a minimum of 60 semester hours of credit. Transfer students in the A.A. degree program must earn at least 30 semester hours at Walsh, including 15 within the declared major.
